PROFILE

Passionate Junior Web Developer seeking to obtain a full-time position as a Full Stack Developer. Interested in developing for both front-end and back-end operations, towards building web applications.

EMPLOYMENT HISTORY

Junior Web Developer, PRC Caterers

Vaughan

Aug 2020 — Present

- Plan requirements, functionalities, design, and user experience for our web pages.
- Develop with various technologies, including HTML/CSS, Javascript and PHP, as necessary.
- Test web pages such as our e-commerce, and troubleshoot prior to deployment.
- Continuously maintain and optimize the website on a daily basis.
- Organized and prioritized work to complete assignments in a timely, efficient manner.

Graphic Designer & Social Media Manager, PRC Caterers

Vaughan

May 2017 — Present

- Plan & design graphics for retail products, proposals & social media.
- Implement marketing tactics through advertisements for conversions and social media awareness.

EDUCATION

B.Sc. Computer Science, Ryerson University

Toronto

Sep 2014 — Apr 2018

PROJECTS

MapleRoyals Price Guide

2021

A website dedicated to the free market system in the game MapleRoyals. Built with **MERN** stack (**MongoDB, Express, React, Node**)

Royals OCR

2021

A **Python** program that analyzes a video recording of MapleRoyals and analyzes all frames that have a store open. The program then detects the text with Tesseract and stores the item names and prices into an excel sheet.

World of League

2021

A website built to be an online-based RPG, inspired by the game League of Legends. Built with **Object-Oriented PHP**.
