JOANNA MAKARY

7 Tarragona Boulevard
Toronto, ON, M6N 5C2
(647) 388-5256
joannamakary@hotmail.com

I am looking to obtain a full-time position as a full stack developer. I am interested in developing for both front-end and back-end operations, towards building web applications.

WORK EXPERIENCE

Junior Web Developer, Graphic Designer, Social Media Manager

PRC CATERERS   May 2017 - Present

- Edit the company website via Wordpress to adjust any issues that arise (HTML/CSS/Javscript)
- Implement different functionality across the website as needed
- Create scripts to assist in daily tasks or fix issues
- Create visual products for retail products and menus
- Manage social media planning for executing advertisements and updating consistently with relevant posts

TECHNOLOGY

- HTML, CSS (Flexbox, Sass), Javascript (jQuery)
- Node.js (Express, Passport, Mongoose)
- Front-end Frameworks (Bootstrap, Angular, React)
- Back-end Frameworks (Express, MongoDB)
- Java, PHP, Python
- Databases & Web Storage (SQL, MySQL, NoSQL)
- MVC Frameworks (Angular, Backbone)
- JSON APIs, XML/XSLT, Git

RECENT PROJECTS

MapleRoyals Price Guide (2020): A full-stack website (MERN stack) to display in-game prices for the game MapleRoyals.

LEAGUELITY (2020): A full-stack website (MEAN stack) to interact with the Riot API in order to show information about the game League of Legends for data and statistics.

Jo Nutrition Calculator (2020): A python program that calculates the nutrition of a recipe with given quantities and items, using API from the USDA website.

Please visit my portfolio page to view all current and recent projects!

EDUCATION

B.Sc in Computer Science

RYERSON UNIVERSITY
September 2014 - April 2018
